2. SETTLEMENT OF ON-EXCHANGE TRADES

2.1 GENERAL

- 2.1.1 The following are the basic considerations and assumptions on which the operational timings are based:
- 2.1.1.1 the timings are those established in the Strate System;
 - 2.1.1.2 for all incoming messages, it is 'Received Time' by the Strate System;
 - 2.1.1.3 for all outgoing messages, it is 'Sent Time' by the Strate System;
 - 2.1.1.4 for internal processing, it is 'Processing Time' by the Strate System; and
 - 2.1.1.5 the same rules will apply to On-Exchange and Off-Exchange transactions.
- 2.1.2 A Participant must open SDAs at Strate for its Clients.
- 2.1.3 The timings on transaction acceptance, confirmations and commitments, as provided for in this Strate Directive are not driven by system controls. As a result, it is possible that the Strate System might accept inputs beyond these timings. Such acceptances must not be seen as an assurance that the transactions will settle.

2.2 OPERATIONAL TIMINGS

The following operational timings apply in respect of the Settlement of transactions in equity Securities traded on the ZAR X Exchange. These operational timings are based on the assumptions and considerations provided in sub-section 2.1.

- 2.2.1 Strate's BOD is at 03h00. Strate's EOD is at 19h00. Should ZAR X or Participants require Strate to move the EOD parameter beyond 19h00, the requestor needs to inform Strate in writing by no later than 17h30 on such day.
- 2.2.2 The settlement cycle for ZAR X On-Exchange Trades is T+0. ZAR X sends new On-Exchange Trades to Strate from 09h00 to 17h00. ZAR X sends corrective trades to Strate between 09h00 and 18h00.
- 2.2.3 Strate will send On-Exchange Trades to Participants in real time, upon receipt of such On-Exchange Trades from ZAR X.
- 2.2.4 Where Strate receives On-Exchange Trades from ZAR X between 09h00 and 17h00, Strate will send the trades to Participants in real time on T. Corrective trades received between 09h00 and 18h00 will also be sent to Participants in real time. Participants may reject On-Exchange Trades received from Strate. Participants must send their settlement allegation rejections to Strate in real time.
- 2.2.5 Participants must ensure that an instruction is received from its Client prior to committing to On-Exchange Trades.

- 2.2.6 Participants must commit to On-Exchange Trades in real time, upon receipt of such On-Exchange Trades from Strate. If a Participant is unable to commit to the On-Exchange Trades, it must inform Strate Operations of its intentions and reasons for failing to commit. Commitments for all trades, including Corrective trades sent in terms of 2.2.4 above, must reach Strate by 18h00.
- 2.2.7 Participants may “un-commit” to On-Exchange Trades prior to 18h00. After 18h00, Participants may un-commit in exceptional circumstances and in consultation with Strate Operations and ZAR X in accordance with section 4 below.
- 2.2.8 Settlement of committed trades is initiated from 09h00. Strate sends settlement confirmation messages to Participants and ZAR X once settlement is completed.
- 2.2.9 It is the responsibility of Participants to reconcile their Securities positions in the Strate System. For this purpose, the Strate System generates a statement of holdings message daily at 18h00 and sends it to Participants. In case of any discrepancies, Participants are required to request the audit trail details by requesting a statement of transactions message.
- 2.2.10 If On-Exchange Trades are rejected by Participants in terms of 2.2.4 above, ZAR X may amend the On-Exchange Trades by way of a cancellation from 09h00 up to 18h00.
- 2.2.11 ZAR X may send corrective On-Exchange Trades to Strate up to 18h00, and Participants must commit to such corrective On-Exchange Trades by 18h00.

- 6.5 Once allocation has been finalised, the spreadsheet referred to in 6.2 and 6.3 is returned to the Participant by the Issuer or its agent reflecting the actual allocation made per individual Client.

The relevant Participant raises the second leg of the trade (RvP). Client type 23 must be utilised to identify the transactions as a Corporate Event.
- 6.7 The trade and settlement dates of orders for these new issues are as per the Announcement sent by Strate.
- 6.8 On settlement of these transactions the payment/cash moves to the Issuer or its agent simultaneously with the allocation of the Securities to the Participant (DvP). Participants must deliver Securities to their Clients on the same day of receipt.
